

Active, Healthy and Happy Volunteers (AHHV) at the European Youth Olympic Festival - Maribor 2023
Project with financial support by the Erasmus + Sport Programme of the European Union

Invitation to the Final conference of the project and presentation of the project long-term results

In 2023, the City of Maribor, Olympic Committee of Slovenia and European Olympic Committees organised the European Youth Olympic Festival (EYOF), a not-for-profit sporting event for young athletes.

More than 2500 young athletes from 48 countries were with us and more than 850 volunteers were actively involved in this big sporting event.

Young athletes were most important target group of this large European event. However, the EU project – AHHV – focused on volunteers. Their engagement and dedication were crucial for the success of the event and proved again, how important is the role of volunteers in organising big sporting events.

**Olympic Committee of Slovenia together with the EOC EU Office
